Dear Mr. Spangler:

Re: Quebec Street Gate Area of Concern No Further Response Action Planned Request

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the Division) has received the Air Force signed Declaration Page from the Decision Document and the request for concurrence letter with the selected remedy of No Further Response Action Planned (NFRAP) for the Quebec Street Gate Area of Concern at the Buckley Annex at Former Lowry Air Force Base, Colorado, dated April 18, 2007. The Division concurs with the NFRAP for this site.

Based upon the information provided in the Final Quebec Street Gate Area of Concern No Further Response Action Planned Decision Document and Supplemental Characterization Report for Quebec Street Gate Area of Concern, Buckley Annex at Former Lowry Air Force Base for Buckley Air Force Base dated September 2005, in addition to a site visit conducted during the Supplemental Characterization field investigation, the Division does not require any further investigation or remedial action at this time. If conditions, or information changes, the Division reserves the right to determine if any additional actions are necessary. The Division cannot release the Air Force from any liability that may be associated with any remaining contamination at or from this site.

If you have any questions, please contact me at (303) 692-3324 or ed.larock@state.co.us.

Sincerely,

Ed LaRock, P.G.
